Family Health Services is a non-profit, Federally Qualified Health Center (FQHC) providing quality, affordable health care to all. Our doctors and nurse practitioners strive to improve the health of our community by providing primary care services to individuals and families of all ages and backgrounds. We have the unique ability to offer medical services to people from all walks of life to afford high quality health care services.

Worry about the finances later

We accept Medicaid, Medicare, and plans from most insurance carriers. We also use a sliding scale in our practice for patients who do not have insurance or whose coverage failed to take care of the bills. We adjust the prices of our Sandusky healthcare services based on your ability to pay.

Patient Centered Medical Home

What is a Patient Centered Medical Home (PCMH)?

At Family Health Services, we believe medical care is driven with the patient at the core of their care. We ensure decisions are made with respect to patient's wants and needs. Patients are educated on their level of understanding for medical decisions they will need to make for their health care. Care for patients is coordinated in all health care settings including referrals to specialists, therapists and home health care. Patients can access services with shorter wait times and "after hours" care via 24/7 electronic or phone access. We look forward to helping you obtain your highest level of health!

Follow the instructions below to access your patient portal and to use the HEALOW app.

Access the patient portal

1. Provide your (non-work) e-mail to the front desk.
2. You will receive an email from Family Health Services, follow the instructions in the email

No-Show Policy

Quality care for our patients is our priority. Please take a few minutes to review our no-show policy and sign at the bottom of the form. If you have any questions please let us know.

Definition of a "No-Show" Appointment

Family Health Services defines a "No-show" appointment as any scheduled appointment in which the patient either:

- Does not arrive to the appointment
- Arrives more than 15 minutes late and is consequently unable to be seen

Impact of a "No-Show" Appointment

"No-show" appointments have a significant negative impact on our practice and the healthcare we provide to our patients. When a patient "no-shows" a scheduled appointment it:

- Potentially jeopardizes the health of the "no-showing" patient
- Is unfair (and frustrating) to other patients that would have taken the appointment slot
- Disrespects not only the provider's time, but also the time of the entire clinic staff

How to Avoid Getting a "No-Show"

1. **Confirm** your appointment
2. **Arrive** 5-10 minutes early
3. **Give** notice to cancel appointment prior to appointment time

1. Appointment Confirmation

Family Health Services will attempt to contact you one business day before your scheduled appointment to confirm your visit via automated phone call. Our automated phone system will try to call you up to five times to confirm your appointment.

2. Try to Arrive 15 Minutes Early

When you schedule an office visit with us, we would like you to arrive at our practice 15 minutes prior to your scheduled visit. This allows time for you and our staff to address any insurance or billing questions and or to complete any necessary paperwork before the scheduled visit.

3. Give Notice Prior to Your Appointment if You Need to Cancel

When you need to cancel or rebook a scheduled visit, we expect you to contact our office prior to the scheduled visit. This allows us to determine the most appropriate way to reschedule your care as well as giving us the opportunity to rebook the now vacant appointment slot with another patient.

Consequences of "No-Show" Appointments

If you miss 3 or more appointments within a year you will be required to make a Same-Day Appointment.

1. To make a Same-Day Appointment you will need to call the day you would like to be seen to see if any of these appointments are available.
2. Recurrent no-show appointments or non-complaint behavior may result in dismissal from Family Health Services.

I have read and understood the Family Health Services "No Show" Policy as described above.
